### Coldwater Fish Resources

Below is a list of Coldwater Fish Resources (CFRs) for watersheds across Massachusetts.

Note: This list is not definitive of all CFRs as new streams are sampled and evaluated yearly. Be advised that stream names are not unique, but the Stream Inventory Numbers are unique. An updated list will be posted annually on the website, but stream listings may change frequently in the interim.

For **any** decisions involving water quality in CFRs or projects (i.e., environmental review, etc.) affecting CFRs, please [contact MassWildlife](#). Requests should include coordinates or location description, stream name, town, and a brief reason for your inquiry.

UNT = "un-named tributary"

Showing 1 to 34 of 34 entries (filtered from 1,131 total entries)
